## Our Purpose and Method

We offer a bilingual (English and Spanish) preschool program for children 2½ years old (and potty trained) to 5 years old, from a variety of cultural and linguistic backgrounds. We offer a balanced daily schedule of active play, learning, rest, and snack times, incorporating English and Spanish into every aspect of their school day. We integrate a careful balance of visual, kinesthetic and auditory learning.

Our curriculum is presented in English and Spanish to prepare your child for a dual language program following preschool, if you choose to follow that direction.

“Thank you to all of you at this school for making it such a wonderful program. We hit the jackpot with this school. I appreciate how wonderful you all are and how someone always jumps into action whenever my son is having a hard time during drop off and helps him feel better.
